**Q1** Looking ahead to the 4th of July celebration next year, which of the following do you think are important to have here? (Choose all that apply, if any)

(539 responses by )

Options	Locals (539)
Pancake breakfast	48.6% (262)
Parade	60.1% (324)
Fireworks	62.7% (338)
Drone show	21.9% (118)
Live music	52.9% (285)
BBQ	31.9% (172)
Village green community fair	46.2% (249)
None of these are that important to me	8.2% (44)
Other:	10.2% (55)

access helicopter back less 4th return music  
 pararescue year pancake event serve like  
 miss military short show wine parking  
 demonstration visitors  
 july lake fireworks village way  
 cheese safe beach drone green  
 great better bring much dept away option  
 incline fire breakfast people  
 games beer honor activities

A better Drone show or return to Fireworks. Drones are a better option.

Activities to honor vets

Airshow and heli landing

Beer & Brats and Wine & Cheese are great social, adult events which also serve as fundraisers.

Better control (traffic on 28) and cleanliness when outsiders visit

Better drone show. 1st year was good, 2nd year was a dud.

Bring back Fireworks! Don't let The Left cancel the 4th of July!

Bring back more fair/carnival games!

Bring back the PJs!

Chose Fireworks - only if safe..

Close all parking spaces to visitors. Require IVCB resident sticker to access Lakeshore Blvd.

Concert

DRONE SHOW WAS WAY TOO SHORT HEARD ONE IN TAHOE CITY WAS 45 MINUTES, MAYBE THAT WOULD BE BETTER

Dint schedule events on Sunday morning

Drone shows are terrible

Eliminate all of it.

Enforcement of parking policies

Fewer people! Reduced crowd size.

Fire Dept Pancake breakfast

Fire safety- as much as we love fireworks its irresponsible- New board of Trustees PLEASE!!!!

Fireworks

Fireworks

Fireworks as long as they are provided/paid for by persons other than IVGID

Games for kids on Village Green

Have gluten-free options available for those who can't eat those things.

Have to clarify that the Fire Dept. pancake breakfast is specific to the festivities too.

Helicopter water rescue demonstration

I miss the military display and paratrooper show

I would like the drone show if it were longer and more spectacular. It was boring, short this year

It was disappointing that so much was on Sunday this year

It would be great, as a family of vegans in Incline, to have any event where vegan food is served.

Keep it simple and small. In the years past there was way too many activities.

Less restrictive beach access for friends & rental visitors

Military helicopters

Military honors

Move the pancake breakfast away from the beach

NO Fireworks show, not safe and both South shore and Zephyr were destroyed by trash/pollution

Navy airmen & frog exhibition on/in the shallows of the lake.

Need more activities for the Village Green Community fair

No fireworks.

Only Thanksgiving & Christmas are on a par with the 4th, and only the 4th warrants fireworks

Only the fireworks

Pancake breakfast at the Fire House

Pararescue demonstration

Pararescue/military flyby

Real fireworks over the lake! We ended up spending July 4th away from home in Incline (visiting)

Return to actual fireworks!

Sitting on the beach watching fireworks is awesome. Drone show was terrible

The celebration is so less festive now. It is sad. Miss the army band & helicopter performance.

The drone show is not anything special.

Wine and Cheese fund raiser event.

Wine and cheese event.

Wine/beer tasting. I understand why the drone show despite people prefer fireworks

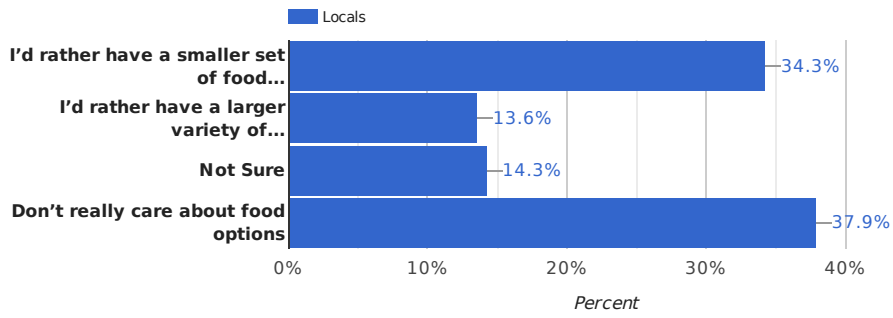

Without fireworks there is no celebration.

wine tasting

**Q2** In general, which is more important to you at our beach venues, a wider selection of food options or longer food service hours? (Choose ONE)

(560 responses by )

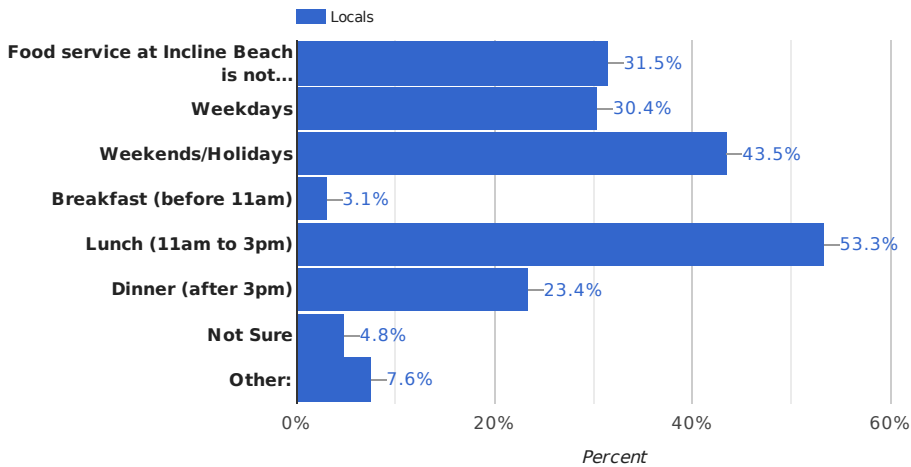

<b>Options</b>	<b>Locals</b> (560)
I'd rather have a smaller set of food options available during longer service hours	34.3% (192)
I'd rather have a larger variety of food options available during shorter service hours	13.6% (76)
Not Sure	14.3% (80)
Don't really care about food options	37.9% (212)

**Q3** During the summer months, when do you think it is most important to have food service open at Incline Beach? (You can choose up to THREE, if any)

(542 responses by )

Options	Locals (542)
Food service at Incline Beach is not that important to me	31.5% (171)
Weekdays	30.4% (165)
Weekends/Holidays	43.5% (236)
Breakfast (before 11am)	3.1% (17)
Lunch (11am to 3pm)	53.3% (289)
Dinner (after 3pm)	23.4% (127)
Not Sure	4.8% (26)
Other:	7.6% (41)

please closed week current dinner good need  
lunch like beach service variety  
live hours care resident available  
choice trucks food 11 bar cb long  
longer day sat music pm  
ivgid friday 6pm go every wednesday  
allow grill weekends

---

11 to 6 Simple grill items and some healthier grab and go like pre-made wraps and salads

---

11-6 seem like good hours for the weekends in peak season, but the sales numbers should dictate

---

11am-6pm

---

7 days - we were at Burnt Cedar this Sat. & the grill closed at 4:45. We had no food for kids!!

---

A variety of choices available for lunch and dinner every day of the summer.

---

All the time dawn to dusk

---

Allow delivery services and food trucks. Shut down our grease pit/roach shack!

---

And bar all day

---

Anything vegan would be much appreciated.

---

Daily 10am to 6PM

---

Dinner on Wednesdays and Fridays during live music

---

Dinner. Every day s/b the choice

---

Don't care. CB resident w/o beach access

---

During music on the beach.

---

Fireworks

---

Food 12 to 6pm.

---

Food available from 11 am to 6 pm

---

Food is not that good. If better I'd purchase.

---

Food service is a commercial business endeavor which is prohibited by the beach deed.

---

Food trucks could provide more variety and no financial risk like so many current IVGID F&B venues.

---

Have food service during the music at the beach on Wednesday's and Friday's

---

How about 11:00-4:00 every day.

---

I am a CB resident, no beach privileges...which is just fine with me

---

I can no longer go to the beaches because they're too crowded.

---

I don't care in that I don't intend to eat at the beach

---

LONGER BAR HOURS

---

Later service during music nights. I hear people complain about food being closed during music.

Live in CB, not entitled to go to the beaches

More reasonable prices!

Music on the beach should have longer hours. Allow food trucks

Offer food service after 3pm and during Music at the Beach days 4-7 pm Wednesdays and Fridays

Stop closing the beaches at sunset, let us stay.

The current employees at Incline Beach are hard workers...please take care of them

Weekends

What about utilizing food trucks? And repurposing the building as more of a clubhouse and bar.

Who se z IVGID needs to supply food?

With food service comes more litter/trash

don't need any food at the beach

during beach music & other events or classes

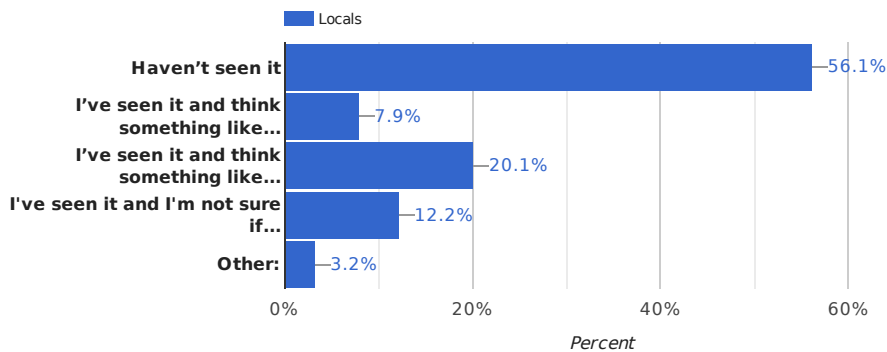

every day, please

**Q4** The Hyatt has a new open air outdoor bar and kitchen built on their beach (The Nest Bar & Grill and Beach Service).

Which best describes your experience with it?

(556 responses by )

Options	Locals (556)
Haven't seen it	56.1% (312)
I've seen it and think something like that would be BAD on Incline Beach	7.9% (44)
I've seen it and think something like that would be GOOD on Incline Beach	20.1% (112)
I've seen it and I'm not sure if something like that would make sense on Incline Beach	12.2% (68)
Other:	3.2% (18)

limited awesome something par even better friendly  
 let interested nice access business  
 wouldn't kakeshore hyatt go like area see  
 cost spaces years didn't now otherwise  
 parking much beach wait spend  
 local bad need food best currently  
 projections tahoe thing open service layer money  
 takes financial irrelevant opinion expense another redo

Best Thing on the beach at Tahoe. Too bad Hyatt is not local friendly.

If it takes up parking spaces, not interested. Otherwise I wouldn't spend that much money.

It would be nice if Kakeshore redo that didn't have beach access could go

It's about \$\$\$\$. Let's wait & see what they do 3 years from now.

It's awesome and we should have something on par with that or even better.

My opinion is irrelevant, because I don't have beach access.

Need to have financial projections, but with limited season, not likely to be worth the cost.

No need to go overboard. A nice clean site would be great

Not IVGID's job to supply food

Not interested in food on our beach

Please don't "Hyatt our beach service "

Same concept...beach bar/food

The Hyatt sucks, I want nothing to do with it!

The Hyatt's got it. No need to duplicate.

The open air kitchen makes sense but it should be grab and go service not seated wait service

This is Avery open ended question. Would like what was already planned by the previous board

don't need it

**Q5** Any other comments or suggestions about improving summer amenities here, including the beach facilities (Ski, Incline, and Burnt Cedar)?

(231 responses by )

service facility let fireworks gooddiamond burnt  
option bar use hour resident summer build  
bring please food park access pass  
bathroom ski beach people way  
limit boat like peak area better picture  
great keep need incline amenity  
cedar music allow see make year improve  
open back

---

Aaron Katz sucks

---

Access gate at east end of Burnt Cedar property for walkers/ cyclists. Would sure be nice to utilize owned property at Diamond Peak Ski Resort - rebuild Snowflake Lodge, improve trails for hiking/ biking, perhaps build and offer additional downhill bike park riding with uphill lift access.

---

Allow Incline Residents that do not have beach access to have access to our beach concerts and burnt cedar pool.

---

Allow dogs on ski beach for limited early morning hour or two on weekdays.

---

Allow dogs to swim on the small beach east of the boat ramp from early morning to 10am and then after 5pm

---

Are life vests available to rent at all 3 locations? Free Jet Skis would be nice.

---

As a full-time IV resident, we love all the recreation activities! Thank you for making them great. We often travel in the summer and rent our condo out. I am on a fixed income & this allows me to continue to live in Tahoe and make my life work financially. PLEASE provide more access to the beaches for vacation renters! This summer we were only allowed 3 additional punch cards with \$91, which can only allow 5 adults one day at the beach. We have wonderful, respectful renters and want to be able to offer them this very special beach amenity. Thank you!

---

As a home owner, my beach pass funds have been cut in about half. So, I object to the current policy and will do my best to change it

---

As a long time local I've noticed the positive impact of the changes around beach access. The beaches have not been overcrowded this summer and it has been amazing. Thank you for making the changes you did. My beach experience is back to what it used to be. Positive.

---

As of today, food service cuts off at 4pm which is when the music starts on Wednesdays and Fridays. This is when we use the beach the most but we can't get food because it closes

---

Ban Sara Schmitz

---

Based on the food and beverage report at the 7-25-2023 board meeting. The mountain golf course for the past 6 years had an average of \$91,000 in sales with only 18,000 visits. The sales at the beaches is \$300,000 with 180,000 visits. 10 times the visits yet only 3 times the sales when compared to the mountain golf course. Food at the beaches is not important.

---

Beach access should be reviewed to limit STR and multi owner properties from having almost unlimited access. Incline beach is becoming a "Zoo"!

---

Beach access should include employees. It's a big perk that attracts and retains staff. Let's show some gratitude and appreciation in such a simple and small way.

---

Beach bar should close 1/2 hour later on music nights.

---

Beaches and gates need to be open at least through the END of sunset. Employees are locking gates before sunset in some cases (burn't cedar)

---

Beaches are so crowded in summer, so I rarely go there.

---

Been residents and Beach users for 30 years. Beaches are run VERY well and the priority parking for Picture pass holders is especially appreciated.

Before we consider expanding features that might draw more people to our beaches during peak periods, we need a plan to better manage those numbers and the related parking and traffic issues.

Better bathrooms, pedestrian entrance to beaches

Better quality food.

Better restroom facility and better entry/exit/parking for picture pass holders only.

Better restrooms

Better storage options for sups and kayaks. Current process does not work

Boat Pier with a bar; a lone eagle type restaurant. The Hyatt doesn't care about incline and we should replicate what they do so we don't use the Hyatt !

Brainstorm and select a system which prevents congestion and blocking of the streets by people accessing the beach venues. Perhaps a parking reservation system or expedited entrant processing system could be considered.

Bring back fireworks

Bring back the beach chairs

Bring the chairs back

Build A MARINA

Build a break water for the boat launching and loading !!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Build the best beach house we can get, with a bar, seating and great food, not some cheap shack

Buy 6 heat lamps for the Grille at the Chateau patio and watch your revenues grow, especially in the Fall. Consider expanding Grille hours to 8pm.

Can't ever use the beach...too crowded.

Chair and umbrella rentals. Sell ice. Deliver drinks/food instead of waiting in line. More umbrellas at pool. More tables at pool. quicker check-in. Maybe valet parking services.

Charge for parking at all of the beaches

Consider healthy food options , salads, grab-n-go ok with gluten free alternative s. Also would like to see local beer (Alibi Brewing) served at beach

Consider upgrading Snowflake Lodge at Diamond Peak.

Didn't enjoy drone show

Different vibe at the beach.. trash not being picked up.. cigarette butts, etc. What happened to our community? Everyone seems to be angry and have an agenda? !!

Do not man the gates during the winter

Don't skimp on the beach house. Build something we can be proud of, and something that will support an actual food service and a larger bar. I'd like to see a roof deck that gives people other places and ways to enjoy the view.

Early consistent hours helps paddle boarders. More parking would help everyone. A foot washer at the beach, permanent like at Ski beach or temporary on a 4x4, would be great.

Eliminate airB&B access to beaches, limit # punch cards to buy, I know some people sell them to outsiders, don't allow dogs in winter, dry poop goes in lake when snow melts. Ugg

Enforce no smoking. Clearly identify smoking areas.

Everything is fine as it is.

Expanded bathroom facilities at Incline Beach to remove the smelly and unsightly Porta Potties. Expanded parking options at Incline Beach, although I don't know how it would be done.

Family parking in the beach lot with a 2 hour limit. Families with infants and PreK kids only go to the beach for a short time and walking long distances is a huge burden for them.

Fewer AirBnb (and other short-term) renters should be allowed to use our community beach.

Fireworks are THE most important part of every 4th of July celebration: "the bombs bursting in air, gave proof through the night that our flag was still there." If there's another drone show, I'm taking my celebration and spending my money in other

parts of the lake that still believe in the flag. God bless America!

Fireworks!

Food could be better.

Food delivery on the beach would be awesome :)

Food should be offered when Music on the Beach runs.

Food would have to be really good for me to bother buying at beach. I can pick up T's, a pizza or bring my own picnic for a fraction of the cost and have much better food that way. Why is there so much focus on food sold at the beach? Is it popular and financially sustainable?

Get rid of Music on the Beach. Too many drunk people either driving home or riding their bikes.

Getting Sara Schmitz and Matt Dent recalled would improve every aspect of IVGID

Grading the picnic area of Burnt Cedar beach

Great attendants/entry this year. need larger indoor toilets year around.

HWY 28 is out of control and people to heed; pack-in / pack-out rather than leaving rubbish!!!

Have a real 4th of July celebration with flyover, rescue demonstration on the lake and fireworks! No stupid drones.

Have an ice machine available where you can buy ice

Have some community events (e.g. live music) at venues other than the beaches, since not everyone has beach access.

Having cleaner trash bins. They're gross.

Having food service during the Wednesday and Friday music hours would be important. Parking always an issue during summer peak days.

Having no food options at the beach may cut down on beach visitors. Overcrowding is the reason I don't visit the beaches anymore.

Having only photo id's cards using the parking lots on weekends is good and adding weekday would be excellent!

Healthier food options.

Hyatt pier being available to us again is a good thing. It needs more exposure. Not everyone knows this. I only found out accidentally when I drove my boat over there and asked about it.

I am not sure why the bar or amenities close so early during the summer

I am opposed to major food upgrades at either beach. I definitely oppose any major expenditures at Burnt Cedar

I believe IVGID should not be selling our amenities to people who don't live here. Lacrosse is one ) I know the organizer lives here but others dont. Today I found out of town bike riders camping and peeing in the exercise trail and aspen grove. Who approved this? These are facilities that the residents support. Hope they paid an exhorbitent fee for using these places that residents pay for.

I do not believe building large food facility at the beach is the best use of our limited funds.

I don't think that IVGID should be serving alcohol or licensing the sale of alcohol on the beach. It has really changed the beach from a family environment to a party environment.

I don't think we should try to compete with Hyatt. Our snack bar needs an upgrade for sure. Maybe a hybrid of a "restaurant" and snack bar. Let's renovate the structure and add more picnic tables..You can offer sit down service or walk up. This could attract people who aren't at the beach but where would they park? Please think through this carefully and be prudent with your spending. The golf course is losing F&B revenue so shouldn't we address that before adding/enhancing another food venue?

I have continued to be amazed at the poor manners frequently on display in IV, especially during the summer. Perhaps we could consider more effort to somehow encourage people to clean up after themselves and leave their surroundings better than the way they found them.

I have observed long lines at the food and drink facilities. Hire more help or figure out a way to be more efficient

I love the picture pass parking!!! Thank you, thank you

I ran into a problem at burnt cedar, trying to come in from a paddleboard. We can only launch and come in on the left side of the beach. And a man, who said he had been there since 6 AM, I had all his paddle boards lined up so no one could launch or come in on the beach. I move the paddleboard so I could have a space to come in and it didn't go over well. Maybe a sign or some thing saying "please do not store equipment here. This space is for launching and coming in only."

I really like the way parking has been handled on weekends for picture passes only. Keep that up. And I'd like to see the boat parking open to regular cars for parking on Friday's during the summer at least open to regular parking at 3pm. If there are open spots at 3 pm would be good. We were not allowed to park there at 3 pm, the boat parking lot was wide open and the guy would not allow.

I think IVGID should run the Food and Beverage at the beaches. The profit on the alcohol must be insane, why give that away? you don't do that at Diamond Peak or the Golf Course. I liked the designs completed a few years ago. I would like to see one of those options completed. Bond for the improvements. the cost won't be something anyone worries about when you bond it.

I think it is a bummer on how early the beaches are closed and gates are locked. I love sitting there and watching the sunset and now I am worried I will get locked in! Bring back the Fireworks!!! Huge snow year, no drought. They are over water and we are not in CA!!!

I think it is super important to have more bathrooms, along with more food options.

I think it's important to maintain strict accesses to residents

I think the incline beach facility should be vastly improved (torn down and rebuilt)! (

I think you folks do a good job- Might have made more to-do about tax rebate vs punch cards to have avoided folks not "getting it"

I understand it is still way too crowded. Heard postal worker who no longer lives here is getting rec pass. How is this possible?

I would like to see reasonably priced food with decent quantity. Skip the selling of alcoholic beverages.

I'm extremely opposed to the new beach pass policies. My niece her husband and two kids stayed with me for 2 nights and exhausted a beach pass. The pricing is way to high and does not allow me to offer family time at the beach.

I'm told that my guests can get into IVGID beaches if they have a copy of my punch card on their phone, even if I am not with them. This should not be allowed; picture pass holders should be required to accompany their guests.

IMPROVE in/out system but we have talked about that for years

IVGID should not be in the food service part of our beach experience. They should do what they do well ...keeping the grounds pleasant.

Improve parking situation for residents.

Improve the punch card system. Make it easier to buy and print them online with scan codes or something.

Incline Beach restrooms could use an update- We are NOT a country club, we are a community -- Dump Schmidts, Dent and Tulloch- they are horrible - so detached from the pulse of our special community. Sorry for the rant...please don't block me from future votes. :)

Incline Spirits is the best!!!

Incline beach needs bigger restrooms, showers, bar and food facilities along with outdoor seating area.

Invest in the beaches! Make them a world-class amenity.

It would be great to have food service at Incline Beach during live music on Wednesday and Friday.

It would be great to have several wagons that can be borrowed at each beach and then returned.

I'd suggest y'all make an effort to justify and communicate the validity of Flashvote and your use of it. What makes you believe this is a valid representation of our community?

I'm happy with the amenities

Just thankful we did NOT do a fireworks show. This area is at great risk for fire and clearly the pollution and trash is untenable. Don't give in to the 'me, me, me' loud voices, the majority care about our safety and the environment

Keep STR guests off the beaches but let residents and their families use them.

Keep Trustees from meddling in the Day to Day Operations! Hire more Lifeguards with better pay. And do NOT scale down the Incline Beach House! Get the Beaches Master Plan done!!

Keep it simple and family oriented. Raised two kids here (from birth) and miss the small town family feel... bringing the kids to the beach, spending the day with other families. It was the reason Incline Village was the perfect place to raise a family.

Keep the Friday concerts.... Please keep reducing the amount of STR renters at the beach.

Keep the beaches family centered with children and their safety always a major concern.

Keep the resident parking only.

LIMIT or Eliminate STRs on the beach

LOVE the idea of something like the Nest at Incline beach!!!

Lane closures and road work on Mt. Rose Hwy and 28 makes a bad traffic situation much worse over 4th weekend. Perhaps see if Washoe could work around busy holidays?

Leave it be. Keep the crowds down.

Leave the gates open until 10:00 PM on warm summer nights.

Leave them alone. They're fine.

Let non resident employees use the beaches.

Let us BBQ on the beach

Let us bring our dogs just to hermit beach

Let's get back lounge chairs and change out out dated grills to gas grills that can be used in the summer months. Let's make this a quality beach!

Let's keep our food & drink options somewhat limited as to NOT attract non-residents!

Limit access to residents and their ACCOMPANIED guests! No STR's, no tourists, no Hyatt guests. Limit all amenities (golf, rec center, as well as boat ramp and beaches) except Diamond Peak to residents only

Limit the capacity of non-residents

Limit the str access

Limit to Incline property owners only

Love the picture pass parking. I wish it could be enforced from July 1st through Labor day, seven days a week. That would make locals and homeowners very happy!

Maintain the facilities that exist. We do not need new, flashy, facilities to attract more tourists.

Make the parking for picture pass holders only, all the time.

Maybe if we had more trash bins the tourists might use them volunteers to ask people to throw away their trash!

More Parking or for picture pass holders only & beach chairs & loungers back plz

NO Need to change much. We have the most beautiful beaches in the world!

Need new snack bar and bathroom facilities.

Nice bathroom facilities to meet demand. It's embarrassing we have a row of port a potties, that seem to have been there for years.

None

Nope!

Not an amenity, but parking is always a problem. What are you doing to alleviate this? Also, please get a device to clean the sand nightly.

Offer the preferred parking program daily, not just on weekends. Keep up the good work on enforcing the access restrictions.

On weekends/holidays have the flashing light at the entrance to Ski Beach set to red on Lakeshore. This will allow for safer movement of boat trailers & pedestrians to & from Aspen Grove across Lakeshore to the kiosk

Open the BBQ's during low fire season

Open the Diamond Peak parking lot to empty trailer parking. It is a usually empty and wasted summer asset that's should accrue to residents benefits. It will keep the town clear of empty trailers and obviate the need for all the no parking signs that have been springing up.

Open up one at least a portion of one of the beaches for picture pass holders to bring their dogs during limited hours.

Open up racks so residents can store kayaks, etc. I have been trying to get on the waiting list for years. It seems like it is a "who you know" thing an unfair. I spoke with someone who moved away and still has a rack.

PLEASE FOLLOW THE BEACH DEED

Parking for picture passholders only all the time. Period.

Parking is still a problem

Parking priority for property owners.

People anchoring their boats overnight or consecutive days on an unauthorized buoy off ski beach. Also people docking their boat on ski beach when it's loading/unloading only. Kids should not swim at ski beach. Could get hit by boat or jet ski.

Picture-pass-holder-only parking in the lots.

Pier and longer boat launch.

Please add more kayak racks!! Resolve the issue with TRPA and get it done!!

Please bring back Incline Village's long standing tradition of fireworks!

Please bring back the fireworks!!!! Heard a rumor that ski beach will have an attendant Oct-apr. this doesn't make fiscal or practical sense. I know it isn't for summer...but no forum to make the request. Love music at the beach.

Please dont schedule community events on Sunday mornings

Please fix the bathrooms at Incline Beach. I'm most concerned with having clean, accessible and functioning bathrooms (preferably year-round) over food service.

Please get the restrooms updated at Incline beach!

Please limit beach access to residents. Our beaches should not be used by vacation rental customers!

Please replace the sand on the volleyball court nearest the bridge with deeper, higher quality sand. Right now it's compacted like cement just a few inches down and has rocks in it, both of which cause injuries.

Prohibit IVGID Board members from using any beach facilities. Send them all to SFO.

Really enjoy the preferred parking for Picture Passholders Friday through Sunday. The beach staff has been especially friendly this year which is nice.

Rebuild the incline beach facility and raise it so the restrooms have enough force to stay flushing properly

Recall Sara Schmidt and Mathew Dent!

Reduce the number of visitors who come to Incline Village by eliminating short term rental property. In anycase, short term rental property should be against zoning regulations in residential areas.

Reduce the price of entrance for guests of picture pass holders. Reduce the price of boat launch, I can launch unlimited at Sand Harbor with my \$30 annual senior NV state park fee. Seems like we have lost our way raising prices on everything for the people who own the venues!

Remodel of the remaining restrooms - like ski beach to allow for year round use would be excellent, while some remodeling would be good, and maintenance to address issues, we are not in competition with the Hyatt.

Renovate the beach shack at IB. It's embarrassing.

Require all boat trailers to be parked at Diamond Peak. Have Washoe County police enforce the rule. Parking boat trailers on the streets is a safety hazard and should be illegal.

Reservations with residents having priority?

Revamp the restrooms at ski and Incline Beach

Sadly, we don't use our beach facilities very frequently anymore because of the busyness/crowded atmosphere. Maybe add more kayak racks for residents.

Safer foot traffic access. Walking upstream through cars is not safe.

Simpler punchcard pricess

Ski beach needs a complete revamp... it's been on the drawing board (for how long I can't begin to say).

Snack bar open later on music night

Someday, IVGID needs to take the 'Bull by the Horns' and improve the launch facility. ( I don't want to hear about TRPA ) Needs a pier and a breakwater !

Something like The Nest, but better food and decent prices. The Nest is expensive and not very good. The value is not there. If it's pricey, it should be delicious.

Stop asking the same questions over and over and get something done!

Stop having an about to be recalled Trustee hanging out there acting like she is in charge - that's not her job!

Stop trying to be all things for everyone, this is not Disneyland. Let people bring their own food. The question about hours and food options needed more answer options. How about IVGID stops trying to spread itself into non-core businesses, concentrate on water, sewer, some recreation...keep Washoe County and developers from overbuilding. And REDUCE our rates?

Sundry shops?

Sunset dinner service on the pool deck at Burnt Cedar. Pre-fix price and menu, plated, with wine and servers. It would be awesome!

Thank you for NOT doing fireworks and instead supporting a quiet, colorful smoke-free and no trash celebration !!! Way more "patriotic"

Thanks for checking with the community.

Thanks! It is nice having bar service in addition to the food.

The DRONE show was a waste of money. Please bring back fireworks and community fun.

The Hyatt is closing so we need more food and drink options at our beaches in the next couple of years

The Hyatt ruined their beach by building their bar practically on top of the beach. Please consider the impact of light noise and litter when offering any amenities. Lake Tahoe is special for it's NATURAL attraction.

The Incline Beach building needs to be replaced

The Laser / Drone show were a lot of fun, but there were not enough food options (more trucks needed), the bathrooms were too far away (set up portable potties closer to the people). There was good stuff for kids, but a total miss for young adults. The music + dancing should have been continued after the laser/drone show for young adults and others to enjoy.

The amenities are really great as they are! It might be nice in the summer if we could bring dogs down to the beach before 9am.

The bathrooms at Incline Beach need updating. What happened to the beach chairs? The drone show was such a huge disappointment. This was our second year. Won't go with kids next year. Will travel somewhere else. Better and healthier foods options at beaches would be great. Fourth of July should be incredible. It is so sad compared to 10-15 years ago. :( . Diamond Peak could be utilized in the summer better. How about running the chairlift like Northstar for mountain bike riding? Thank you.

The beach is still too crowded. IVGID allows anyone who has a punch card to access the beach. But "IF" the name or parcel number of the resident was clearly printed on the punch card, there would probably be fewer instances of selling punch cards for profit. If the punch card displayed the parcel owner's name and parcel number, you could audit abusers.

The beaches are so crowded and popular with tourists during summer that I don't think additional amenities are needed. It's becoming a bit like Disneyland.

The food this year really has gone downhill. Disappointing.

The hyatt nest is a one season use of that building

The laser show that precedes the drone show is extremely repetitive. Someone else set it best-- it's a 20-minute show that's 19 minutes too long. The music that was played during the laser show was not enjoyable. Last year, the drone show was just okay. This year, it was extremely disappointing. Assuming the same is planned for next year, we will be going elsewhere to see fireworks.

The last time we were at Burnt Cedar (which was last summer), it was miserable trying to get into the water because it was too shallow to swim. We decided to not return even though we used to really like it. Hopefully the water level is higher now and the beach is now swimmable.

The line to get into each of these venues is dangerous for pedestrians. Too many people and cars trying to get in at the same point. It's very confusing for non-car entry.

The new pool and kiddie pool are great and well-designed. The food at Burnt Cedar is pretty expensive. It would be helpful to have another "magic carpet" at ski beach for kayaks.

The new pool is great, but I'd like more food selection there.

The punch card system is cumbersome and a lot to comprehend...let's overhaul it and make it simpler for everyone.

The sand at Burnt Cedar is superior to that of Incline. I don't know if this could be rectified. Incline beach might just need to be "groomed" to loosen it up and clean it of debris.

There really should be food concessions available during Music at the Beach in Incline. Also, PLEASE keep Incline Spirits as the bar and let Incline Spirits do the food concessions. The food was better and they were able to have a large selection AND longer hours.

These surveys are always written with a bias. Do better. Be more balanced and structure these questions better. Also, why does the "food options at the beach" and the "time it is served" have to be an either/or? Questions written this way make it clear no one is willing to get creative. You are limiting my options because you think they have to be limited. We have the best beaches on Tahoe, with the exception of Sand Harbor, and our buildings look run down and we have to pee in a port-potty. How is this even acceptable? Why isn't there a feet washing station so people don't have to bring all the dirt and sand into their cars? And why are we being short-sighted here instead of reimagining what thi could look like in 10 years? 20 years?

Update the boat ramp with extra lane and a floating pier like the Hyatt

Upgrade all facilities including snowflake lodge for summer.

Upgrade the restrooms, please. Incline Beach and by playground at Burnt Cedar.

Use ski area parking lot for boat parking

We can't be all things to all people, especially when fewer people want to work and it's hard to find employees. Our local groceries and deli's already offer grab & go options and will develop "picnics to go" if there's demand. Focus on the property and the physical assets. From what I understand, beach food & bev loses money. Think more gas station setup than fast food - canned beverages, bagged snacks and candy. Self-service so minimal staffing is required and it's quick for customers.

We have great restaurants in Incline. Let them provide food supported by a reasonable delivery service...not like the crazy price Azzara's charges

We need a pier or jetty. Something like the Hyatt pier.

We need more parking, or remote parking with a shuttle for residents and their guests. Find a way to circulate out those residents who take up the beach storage racks and never use their kayaks. Can you tag them and check to see who breaks the tag? You shouldn't be allowed to keep forever.

We need to hire a catering manager not a chef to manage the food venues, a good catering manager could easily handle our venues with better food option than we got from a chef.

We should use the Diamond Peak Ski area during there spring/summer/fall timeframes for the dog park and for other activities. That is a great space and should be utilized.

We should utilize diamond peak in summer recreation activities.

We've been enjoying the beach a lot this summer. We like the music and Barefoot bar. We appreciate the days when we have priority parking!

Where are the lifeguards? Is there anyone that monitors the beaches during the day for violations? There have been pop-ups at water edge, dogs at the beach, etc.

Why aren't the beach facilities at Incline Beach updated/modernized like the facilities at Burnt Cedar?

Why can't we have a variety of food and longer hours? Allow food trucks. Make a space for live music.

Would like to see snack bar updated at Ski Beach, similar to Burnt Cedar snack bar.

Yes, build a restaurant like the Chateau or like Hyatt's outdoor venue. Fix the boat ramp and build a pier since the Hyatt is becoming less and less local friendly.

Your question about lunch services first were trick questions and second didn't function so I could make a comment.

can residents go to the Hyatt's bar and beach service?

continue no fireworks on July 4 foot washing station Burnt Cedar would be nice, near bathrooms

foot washing station by the parking lot ... improved bathrooms ... uphold the no pop up rules and no paddle boards in the swimming area

improved ingress/egress at all beaches. current ingress/egress is dangerous and impedes summer traffic flow on Lakeshore.

keep beaches under our local control.

keep it simple, it is about the beach and not food or music.

more parking for full time residents

none

separate pedestrian and car gate check

updated grill and bathrooms
